

Saif Siddiqui

Senior Vice President & Chief Strategy Officer
Carrier

Saif Siddiqui is Senior Vice President & Chief Strategy Officer for Carrier. In this role, he is responsible for leading the company's long-term growth strategy as a global leader in intelligent climate and energy solutions.

Saif brings extensive experience across Carrier's HVAC, building automation and former Fire & Security businesses, with leadership roles spanning strategy, marketing, product management, lifecycle services and global business transformations. He has also held a series of global P&L leadership roles of increasing responsibility, most recently serving as President of Carrier's HVAC Asia Pacific business. In that role, he accelerated growth through digitally enabled lifecycle solutions and a multi-brand, multi-tier channel strategy. He previously led Carrier's Global Comfort Solutions HVAC business and the Global Commercial Fire & Controls business, then part of the company's Fire & Security segment.

Saif holds a bachelor's degree in Engineering from the National Institute of Technology, India and a master's degree in business from Yale University.
