CARRIER CORPORATION (“Carrier” or “Buyer”)¹
STANDARD TERMS AND CONDITIONS OF PURCHASE

These STANDARD TERMS & CONDITIONS OF PURCHASE (“Terms”) apply when referenced by Buyer’s ordering document(s) which may include transaction documents, purchase orders, releases, statements of work, electronically transmitted (“EDI”) orders or other documentation (individually and collectively an “Order”) and, where no Order exists, when goods or services are received by Buyer and paid for through the Buyer’s electronic payment system. Buyer may change these Terms in its sole discretion to the extent they will apply to future Orders. Such changes shall be effective upon posting of such updates on <https://www.corporate.carrier.com/suppliers/> but shall only apply to Orders submitted to Seller after posting. “Seller” or “Supplier” of the goods or services subject to an Order is responsible for periodically visiting this site to review any changes to the Terms. Buyer recommends that Seller review these terms each time Seller receives or accepts and Order. By furnishing any goods or partially performing services subject to an Order to Buyer, Seller acknowledges and agrees to be bound by these Terms and any future changes to them.

For the avoidance of doubt, Buyer cannot change the Terms applying to an existing Order and the Terms that will apply to an Order are the Terms that applied at the time Buyer placed the Order and accepted by the Seller

1. CONTRACT OF PURCHASE

Seller agrees it shall sell, and Buyer agrees to purchase from Seller, the goods and/or services described in the Order. Seller shall acknowledge receipt and acceptance of each Order; however, if for any reason Seller shall fail to accept or acknowledge an Order within two (2) business days of issuance by Buyer the Order shall be deemed accepted. Additionally, any conduct by Seller which recognizes the existence of a contract pertaining to the subject matter of the Order including taking any action to fulfill the Order shall constitute unqualified acceptance by Seller of the Order and all its terms and conditions, including these Terms. Seller shall not submit additional or different terms and conditions, and Buyer rejects any additional or inconsistent terms and conditions offered by Seller at any time. If the Seller and Buyer have executed a prior written agreement and such prior agreement (i) has not expired or been terminated and (ii) does not expressly state that these Terms shall not apply, all the provisions of such prior agreement will remain in full force and effect and to the extent the provisions of such prior agreement are not in conflict the Terms, the Terms shall supplement the prior agreement and together shall constitute the Supply Agreement (“Supply Agreement”). If there is no prior agreement, or such prior agreement has expired or has been terminated, the terms of the Order, including these Terms, shall

¹ Each of Carrier Corporation and any of its parent companies, affiliates or subsidiaries shall be entitled to exercise all rights and/or benefits afforded to “Carrier” or the “Buyer” pursuant to these Standard Terms and Conditions of Purchase.

constitute the complete and exclusive statement of the terms and conditions of the contract between Buyer and Seller and may be modified only by a written agreement executed by the authorized representatives of both parties (“**Order Agreement**”). The term “**Agreement**” shall refer to either the existence of a Supply Agreement or Order Agreement as applicable.

2. PRICE

The price for the goods and/or services shall be the price as shown on the Order or as set forth in the Supply Agreement (the “**Price**”) which shall not be increased unless expressly permitted by the Agreement. The Price includes: (a) all costs of packaging and delivery to the delivery point including all freight, duties, tariffs and taxes (including sales, excise and withholding taxes) consistent with the applicable Incoterms (b) any commissions to selling agents; and (c) other incidental charges, whether or not such charges are itemized separately on invoices to Buyer. The Price excludes any governmentally imposed value added tax (“**VAT**”) which must be shown separately on Seller’s invoice for each shipment. To the extent goods or services are identified as exempt from sales taxes, the tax identification number and/or other exemption information shall be provided by Seller. The Seller warrants that the Price is not less favorable than that currently extended to any other buyer for the same or like goods or services in equal or lesser quantities. No extra charges or surcharges of any kind will be allowed unless specifically agreed by Buyer in writing..

2A) The price of goods and services supplied to Buyer by Seller is subject to decrease upon thirty (30) days prior notice to Seller from Buyer provided that prices shall not be unilaterally decreased by Buyer in an amount more than 10% in any 12 month period. The Seller will have five (5) business days after receiving notice of a price decrease to notify the Buyer in writing that it either accepts or rejects the price decrease.

2B) If the Seller accepts the price decrease in accordance with clause 2A above, then the Price will be deemed amended to reflect the accepted decrease with effect from the date of the Seller’s acceptance.

2C) If the Seller rejects the price decrease in accordance with clause 2A above, then either party will have five (5) business days to terminate the Agreement by notice in writing to the other party. If the Agreement is terminated in accordance with this clause 2C, [Seller must fulfill existing Orders at the agreed Price].

3. PAYMENT

Unless otherwise agreed in writing or required by law, invoices will be processed ninety (90) days from the invoice posting date and then paid on the next scheduled payment run if the invoice is accurate and all subject goods and/or services have been received. Payment runs occur at least once per month. Seller shall issue invoices in accordance with the Buyer’s instructions, which may include designated system, format, and process. Seller is responsible for any costs associated with using the designated system. Where Buyer requires use of a designated system, no invoices will be paid or deemed received until submitted in the designated system. All invoices must contain the following information: purchase order number, item number, description of items or services, sizes, quantities, unit prices. Payments of invoices shall be subject to adjustment for shortages, defects, non-conformities, credits and other failures of Seller to meet the requirements of the order or prior orders. Buyer may make payment electronically or by check, provided such check is honored upon presentment by the “Payor Bank.” In addition to any right of setoff or recoupment provided by law, all amounts due to Seller will be considered net of indebtedness of Seller and/or Seller’s Affiliates to Buyer and/or Buyer’s Affiliates. Buyer will have the right to set off against or to recoup from any payment or other obligation owed to Seller, in whole or in part, any amounts due to Buyer or Buyer’s Affiliates from Seller or Seller’s Affiliates. Buyer will provide Seller with a statement describing any offset or recoupment taken by Buyer. Buyer shall also be entitled to invoice Seller for any amounts owed Buyer hereunder (e.g. reimbursement) and such invoices shall be paid by Seller within thirty (30) days of receipt. Buyer shall not be obligated to pay for any goods or services if the invoice for

such goods or services is received more than twelve (12) months after the receipt of the goods or performance of the services.

4. PACKAGING & DELIVERY

Seller will properly pack, mark, track, ship and deliver all goods according to the requirements of Buyer, the involved carriers, and the country of destination. If there are no instructions, goods will be packaged and shipped in a manner sufficient to ensure that the goods are delivered in undamaged condition. The goods shall be delivered assembled and ready for use to the address or location specified in the Order ("**Carrier Location**"). Unless otherwise specified in the Order or Agreement, Incoterms© 2020 DDP will apply to all shipments. If Buyer has agreed to pay for transportation in the Agreement the Seller, when directed by Carrier, shall utilize Carrier's Transportation Management System ("**TMS**") for all domestic and international shipments. If the TMS is not utilized Seller shall pay Buyer the difference in shipping cost between the applicable TMS' shipping rates and Seller's rates. If the Seller is paying for transportation the Seller shall have their own TMS in place to assure the most efficient modes of transportation are utilized and to provide Carrier with end-to-end visibility. Delivery of goods or performance of any required services is not complete until goods or services have been actually received and accepted by Buyer. The obligation by Seller to meet the delivery or performance date is material and TIME IS OF THE ESSENCE with respect to Seller's obligation to deliver goods and performance of the services. Buyer's acceptance of goods or services not timely delivered or performed is not a waiver of its right to damages. Seller bears the risk to ensure it possesses the required raw materials and components necessary to meet its delivery obligations. If an expedited shipping method is required to meet the delivery dates in the Order (or such earlier or later delivery dates otherwise agreed to by Seller and Buyer), Seller shall utilize such method and pay all premium freight costs. If Seller's failure to timely deliver conforming goods or services disrupts Buyer's production schedule, Seller shall be liable for all damages, including: (i) premium paid to secure alternate goods or services from another supplier (if feasible); (ii) all premium or expedited freight costs; and (iii) any additional costs or lost profits resulting from production down time or project delays.

5. FORCE MAJEURE

Neither party shall be deemed to be in breach of this Agreement to the extent any failure or delay in performance results from causes that are, at one and the same time, unforeseeable, unavoidable, outside of such party's control and not occasioned by such party's fault or negligence (each an "**FM Event**"); provided that upon the occurrence of each FM Event, the affected party shall give notice thereof to the other as soon as possible specifying each occurrence of an FM Event, the period of delay it reasonably expects to incur, and the steps it is/ it anticipates taking to mitigate each FM Event. If a failure or delay in performance is caused by an event affecting any of Seller's suppliers, such failure or delay shall not be excused by application of this section unless such event is an "FM Event" as defined above and the good or service to be provided by such supplier is not obtainable by Seller from other sources in a timely manner. For the avoidance of doubt, (i) change in cost or availability of materials or components based on market conditions or Seller's actions, (ii) financial difficulties or the inability of either party to make a profit or avoid a financial loss, (iii) changes in prices or market conditions, including the general lack of availability of materials, premiums, labor, or energy, or (iv) the financial inability of a party to meet its obligations hereunder shall not constitute an FM Event. During the delay or failure to perform by Seller, Buyer shall not be prevented by any clause set forth in this Agreement from taking any steps necessary to mitigate its damages and avoid manufacturing disruption including, but not limited to (a) purchasing goods from other sources and reducing its schedules to Seller by such quantities, without liability to Buyer; (b) requiring Seller to deliver to Buyer at Seller's expense all finished goods, work in process and parts and materials produced or acquired for work under the Order; or (c) having Seller provide Products from other sources in quantities and at a time requested by Buyer and at the Price set forth in the Order. If an FM Event results in a delay of more than ten (10) days, Buyer shall have the option to terminate all Releases to the extent affected by the Event(s). Such termination shall discharge all obligations and liabilities of the parties under such Releases with respect to the purchase and sale of the affected good(s) and or services.

6. WARRANTY

Based upon what is purchased from Seller by Buyer, one or more of the following warranties shall apply:

Goods. Seller warrants to Buyer and its affiliates, successors, assigns, customers and users of the goods sold by Buyer that all goods provided hereunder shall be (i) merchantable; (ii) new upon receipt by Buyer; (iii) free from defects in material and workmanship; (iv) free from defects in design, except to the extent the goods are designed by Buyer; (v) in compliance with all applicable specifications, samples, standards, drawings, and performance requirements; (vi) to the extent that Buyer relies on Seller to specify the goods or services, fit for their intended purposes; (vii) free from liens and encumbrances on title; and (viii) free from infringement of third party intellectual property (“**Goods Warranty**”). Delivery, inspection, test, acceptance or use of, or payment for, the goods furnished hereunder shall not affect Seller’s obligation under this Goods Warranty, and such Goods Warranty shall survive delivery, inspection, test, acceptance, payment, and use for a period of sixty (60) months beginning on the later of the date of installation of Buyer’s product containing the goods, or the date goods are delivered as a warranty repair or replacement. If nonconformities are identified, Seller agrees, at Buyer’s option, to either (a) reimburse Buyer for the full cost of all nonconforming or defective items and any cost incurred by Buyer in correcting or replacing such items or (b) to make the repair or provide the replacement. In the event Buyer elects (b), Seller agrees, at Seller’s sole cost and expense, to correct defects in or replace any goods not conforming to the foregoing warranty promptly, but in no event, will such repair or replacement be completed more than ten (10) days from notice of such nonconformity by Buyer. In the event that Seller fails to correct defects in or replace nonconforming goods promptly, Buyer, after reasonable notice to Seller, shall then have the right to correct or replace such goods and charge Seller for the cost incurred by Buyer in doing so. If defects are identified after shipment to Buyer’s customer, goods may be scrapped, retained, or held for Seller’s disposition, at the discretion of Buyer or Buyer’s customer. Seller shall promptly reimburse Buyer for all expenses and damages incurred by Buyer and/or Buyer’s customer regardless of the nature of such expenses or damages as a result of or relating to Seller’s failure to comply with (i)–(viii) above, including but not limited to repair, replacement, rework, removal and reinstallation costs, shipping costs, damages and/or accommodation payments, production delays, payment withholds, field service costs, recall costs, administrative costs and costs of filing and complying with legal and regulatory requirements, including but not limited to those of agencies such as the Consumer Product Safety Commission.

Software/Firmware. To the extent the goods constitute hardware including compiled and embedded versions of software needed for the goods to function (individually or collectively, “**Firmware**”) or goods constitute, include or incorporate software owned or licensed by Seller (individually or collectively, “**Software**”), Seller hereby authorizes Buyer to sell, resell and/or license the Software to Buyer’s customers and/or their end users (“**End Users**”). Seller warrants to Buyer and to End Users that all Software and/or Firmware sold to Buyer either as a good or incorporated into a good or service shall perform in conformance with the specifications and other documentation provided by Seller describing the functionality of the respective Software (collectively, the “**Software Specifications**”) for a period of sixty (60) months after installation by the End User (the “**Software Warranty**” and the “**Software Warranty Period**”, respectively). If the Software has a defect or fails to conform to the Software Warranty during the Software Warranty Period, at Buyer’s option, Seller shall promptly repair or replace the Software or provide a full refund of the license and other fees paid with respect to the Software. If Seller fails or is unable to promptly repair or replace the Software, Buyer or End User, as applicable, shall be entitled to a full refund of the license and other fees paid with respect to the Software. At Buyer’s option, Seller will refund the Buyer and Buyer will assume any obligation to refund the End Users.

Services. Seller warrants to Buyer that all Services provided where applicable: (i) have been and will be performed in a professional and workmanlike manner and in accordance with current, sound and highest generally accepted industry standards and practices by appropriately licensed, trained and supervised personnel and personnel who are experienced in the appropriate fields; and (ii) do, if applicable, and will conform to and be in compliance with all applicable specifications, performance requirements and other requirements contained in the Order (the “**Service Warranty**”). Seller agrees that should any of the services be defectively performed by Seller, Seller will re-perform or correct such defective services at no additional charge. In the event of failure by Seller to correct defects in or replace nonconforming services promptly, Buyer, after reasonable notice to Seller, may make such correction or replace such services and charge Seller for the cost incurred by Buyer thereby. Notwithstanding any other provision, in addition to the foregoing, Seller

shall be liable for Buyer's actual costs, expenses and damages related to or arising from the services not conforming to the Services Warranty. Seller warrants to Buyer that all documentation and certifications by Seller or Seller's subcontractors or business partners related to the services and Order, as applicable, are current, complete, truthful, and accurate and have been signed or stamped, as applicable, by individuals authorized and qualified to sign or stamp such documentation and certifications. Except for permits and/or licenses required by statute or regulation to be obtained by Buyer, Seller agrees to obtain and maintain - at its own expense - all permits, licenses and other forms of documentation required by Seller in order to comply with all existing national, state, provincial or local laws, ordinances, and regulations, or of other governmental agency, which may be applicable to Seller's performance of work hereunder. Buyer reserves the right to review and approve all applications, permits, and licenses prior to the commencement of any work hereunder.

To the extent Seller has any obligation to Buyer or any of its affiliates under any of the foregoing warranties, Buyer shall be entitled subject always to applicable laws to deduct, set off or offset any such amount from any amounts owed to Seller by Buyer or any of its affiliates.

7. QUALITY & AUTHENTICITY OF GOODS

All orders for goods (and associated services) are subject to the requirements contained in the Carrier Quality Manual ("**SQM**"), which is incorporated herein by reference. The SQM is located on the Buyer's website at:

<http://www.corporate.carrier.com/>

or

<https://www.corporate.carrier.com/suppliers/>

Seller acknowledges receipt, review and acceptance of the SQM. Buyer reserves the right at its discretion to revise or amend the SQM at any time, and Seller agrees that any such revised or amended SQM, as posted on the Buyer's website or otherwise made available to Seller, shall be binding on the Seller with respect only to all future Orders. For the avoidance of doubt, Buyer cannot change the SQM applying to an existing Order and the SQM that will apply to an Order is the SQM that applied at the time Buyer placed the Order. All goods sold by Seller to Buyer shall conform to Buyer's quality standards and requirements set forth in the SQM and any specifications, drawings, samples or other document upon which the order is based. Buyer, without prejudice to any other rights or remedies, including the right to inspect goods after delivery, shall have the right at all times to inspect and test the goods during manufacture or processing or while stored under Seller's control. Seller shall not make any changes during the term of the Agreement in the quality, in the location of manufacture, or in Seller's processes related to the goods without prior notification to and written acceptance of such changes by the Buyer.

Seller further represents and warrants that only new and Authentic materials are used in the goods sold to Buyer and that the goods contain no Counterfeit Parts.

"Authentic" means (a) genuine, (b) from the legitimate source claimed or implied by the marking and design of the goods, and (c) manufactured by, or by a third party at the request and to the standards set by, the manufacturer that has lawfully applied its name and trademark to such goods.

"Counterfeit Part(s)" means a part, component, module, or assembly whose origin, material, source of manufacture, or branding are misrepresented. This term includes, but is not limited to, (a) parts that have been marked/remarked in such a way that disguise or falsely represent the identity of the manufacturer, and/or (b) previously used parts pulled or reclaimed and provided as "new".

"Unauthorized Distributor" means a person, business, or firm that is not authorized by the original equipment manufacturer ("**Manufacturer**") to sell or distribute Manufacturer's goods but which purports

to sell, broker, and/or distribute Manufacturer's goods. Purchase of parts/components from Unauthorized Distributors is not permitted unless first approved in writing by Buyer.

No other material, part, or component other than a new and Authentic part is to be used unless approved in advance in writing by Buyer. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Seller shall only purchase Authentic parts/components directly from the Manufacturer or through the Manufacturer's authorized distribution chain. Seller must make available to Buyer, at Buyer's request, documentation that authenticates traceability of all parts/components to the applicable Manufacturer.

8. TECHNOLOGY GOODS, SOFTWARE OR SERVICES

8.1 Support. Seller further agrees to provide Buyer and End Users with reasonable support services for Software and Firmware at no additional charge which shall, at a minimum, include (a) correction of all failures of the Software/Firmware to perform in accordance with the applicable Software Specifications including programming, servicing and repairs required to maintain the Software/Firmware so that it operates properly and in accordance with the Software Specifications, (b) telephone support during regular business hours, (c) online access to technical support bulletins, (d) providing all updates, modifications, bug fixes and releases that Seller provides customers generally at no additional charge, and (e) responding to Critical Issues (as defined below) within thirty (30) minutes of Buyer's request and initiating corrective work within two (2) hours thereafter, regardless of day of week or time of day. "**Critical Issues**" are substantial failures of the Software/Firmware, or failure of any Software/Firmware critical to the End User's operations. Seller shall initiate work on all other support issues within four (4) hours from receipt of a service request. In the event Seller fails to achieve the foregoing response times for either responding to or initiating correction, Seller shall issue to Buyer a credit in the amount of \$250.00 for each additional hour being a genuine pre-estimate of the loss Buyer may suffer as a result of Seller failing to achieve the foregoing response times.

8.2 Availability of Cloud-Based Software. To the extent Seller provides cloud-based Software and/or Software services via the Internet or other network connectivity ("**Cloud Software**"), Seller will make the Cloud Software Available, as measured over the course of each calendar month, 99.5% of the time, as measured on a 24-hour-a-day basis, excluding unavailability as a result of the Exceptions described below (the "**Availability Percentage**"). "**Available**" means the Cloud Software is available for access and use by Buyer or End User, as applicable (the "**End User**") over the Internet and operating in material accordance with the Software Specifications. In the event the Cloud Software is available between 98% and 99.5% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of ten percent (5%) of the monthly fee for the Cloud Software due in the month the failure occurred. If the Cloud Software is not available at least 98% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of forty percent (20%) of the monthly fee for the Cloud Software due in the month the failure occurred. In the event the Cloud Software is not available at least 70% of the time, Buyer or End User as applicable, shall be entitled to a credit in the amount of seventy percent (50%) of the monthly fee for the Cloud Software due in the month the failure occurred. For purposes of calculating the Availability Percentage, the following are "**Exceptions**" to the service level requirement, and the Cloud Software shall not be considered unavailable if any such inaccessibility is due to: (i) the acts or omissions by Buyer or End User, as applicable; (ii) Buyer or End User's Internet connectivity; (iii) Internet traffic problems not under Seller's reasonable control; (iv) Buyer or End User's failure to meet minimum hardware and/or software requirements, if any; (v) Buyer or End User's hardware, software, or other equipment; (vi) any hardware, software, service, or other equipment not provided by Seller and used by a Buyer or End User to access the Cloud Software or (vii) regularly scheduled maintenance for which Seller provides at least five (5) business days advance written notice.

8.3 Security by Design. Seller represents and warrants it has made commercially reasonable efforts consistent with industry standards to ensure that all Software and Firmware is designed free from material vulnerabilities (whether in proprietary software code or third party software code, including the applicable operational support system ("**OSS**")) and a reasonable commercial security by design program has been established and maintained for all Software and Firmware, including when used in, or incorporated the goods, or Software/Firmware used in the installation, maintenance, configuration, or support of the goods (the "**Security**").

Protocol”). The Security Protocol will include a testing regime designed to model threats and detect security and design bugs, defects, and flaws through: (a) penetration testing (ethical hacking); (b) OSS scanning; (c) static code analysis and (d) all other testing and verification necessary to ensure adherence to industry standard “Security by Design” principles (collectively, a “**Security by Design Program**”). Seller further represents and warrants that it will reasonably assist with and participate in any similar Security by Design Program established by Buyer, including providing Buyer documentation regarding Seller’s compliance with these requirements reasonably requested by Buyer

8.4 Vulnerability Notice and Remediation. During the usable life of the goods (i.e., until the formal end-of-life of any Good) in commercial use, Seller shall monitor and address all Software and Firmware material threats and vulnerabilities by: (a) issuing necessary patches or updates; (b) providing prompt notice to Buyer of said threats and vulnerabilities, prior to any public disclosure, except where such notice would be impracticable; and (c) developing fixes, workarounds, and/or compensating security controls and documentation (“**Remedial Actions**”) to address any unmitigated material threats and vulnerabilities while Seller undertakes the process of issuing patches or updates, and providing Buyer notice of Remedial Actions as soon as reasonably practicable. Seller shall flow these requirements to its contractors, subcontractors and suppliers at any tier for the performance of this Agreement. If Seller fails to fully and timely comply with this Section 8, Buyer shall be entitled to the following remedies which shall be in addition to all other remedies available to Buyer (a) Buyer may, in its sole and absolute discretion, revoke the acceptance, reject, abandon, return or hold such goods at Seller’s expense and risk (“**Refused Goods**”), and (b) Buyer may cancel in whole or in part, i) any Order, ii) any other agreement, iii) any other obligation Buyer may have to purchase any or all goods from Seller, or iv) any combination of (i), (ii) and (iii) (collectively, “**Canceled goods**”), and (c) at Seller’s sole cost (including the cost for expediting, quality validation, losses related to adverse effects on Buyer’s business), Buyer may source replacements for any Refused goods and/or Canceled goods.

8.5 **Security For Buyer Information Stored By Seller**. Seller agrees to comply with the terms of **Attachment A, Security For Carrier Information** where Seller stores Carrier Information.

9. ACCESS TO FACILITIES, SYSTEMS OR CARRIER INFORMATION

Seller agrees to comply with the terms of **Attachment B, Access to Facilities or Systems** whenever Seller personnel will be granted access to (i) Facilities and/or (ii) Systems.

10. INDEMNIFICATION; DEFENSE OF CLAIMS

SELLER SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS BUYER, BUYER’S CUSTOMERS, AFFILIATES, INSURERS, AND THEIR RESPECTIVE EMPLOYEES, OFFICERS, DIRECTORS, REPRESENTATIVES AND AGENTS (TOGETHER, THE “**BUYER INDEMNITEES**”) FROM AND AGAINST ANY AND ALL CLAIMS, ALLEGATIONS, SUITS, DEMANDS, PROCEEDINGS, JUDGMENTS, AWARDS, LOSSES, LIABILITIES, DAMAGES, PENALTIES, FINES, ASSESSMENTS, COSTS OR EXPENSES (INCLUDING ATTORNEYS’ FEES) OF ANY KIND OR NATURE (COLLECTIVELY, “**DAMAGES**”), RELATING TO, ARISING OUT OF, OR CAUSED BY SELLER’S PERFORMANCE HEREUNDER INCLUDING, BUT NOT LIMITED TO, BREACH OF WARRANTY, BREACH OF CONTRACT, FRAUD, NEGLIGENCE, WILLFUL MISCONDUCT, OR USE IN PRODUCTS OF PERFLUOROALKYL AND/OR POLYFLUOROALKYL SUBSTANCES (“**PFAS**”) INCLUDING ANY SUBSTANCES OR COMBINATIONS OF SUBSTANCES WHICH CAN DEGRADE INTO PFAS.

SELLER WILL FURTHER INDEMNIFY, DEFEND, AND HOLD HARMLESS THE BUYER INDEMNITEES AS WELL AS ANY SUBLICENSEES, SUBCONTRACTORS, AND EACH SUBSEQUENT BUYER OR USER FROM AND AGAINST ANY DAMAGES ARISING FROM ANY ALLEGED INFRINGEMENT OR VIOLATION OF ANY INTELLECTUAL PROPERTY RIGHTS OR LICENSE, INCLUDING BUT NOT

LIMITED TO ANY CLAIM ARISING FROM USE OF OPEN SOURCE SOFTWARE AND/OR STANDARD ESSENTIAL PATENTS, RELATED TO THE MANUFACTURE, USE, SALE, OFFER FOR SALE, IMPORT, OR OTHER EXPLOITATION OF ANY GOODS DELIVERED OR SERVICES PERFORMED IN CONNECTION WITH ANY ORDER. IF ANY GOODS OR SERVICES, IN WHOLE OR PART, CONSTITUTE OR MAY CONSTITUTE INFRINGEMENT OR MISAPPROPRIATION OF ANY THIRD PARTY'S INTELLECTUAL PROPERTY RIGHTS, OR IF BUYER'S OR BUYER'S AFFILIATES' USE THEREOF IS OR MAY BE ENJOINED, SELLER, IN ADDITION TO ITS INDEMNIFICATION OBLIGATIONS, WILL PROMPTLY: (I) SECURE THE RIGHTS TO CONTINUE USING THE INFRINGING GOODS, OR (II) RE-PERFORM THE SERVICES OR REPLACE THE GOODS WITH COMPARABLE NON-INFRINGING GOODS, OR (III) MODIFY THE GOODS SO THAT THEY BECOME NON-INFRINGING WITHOUT LOSS OF MATERIAL FUNCTIONALITY AND WITHIN A TIME ACCEPTABLE TO BUYER, OR (IV) AT BUYER'S OPTION, ACCEPT RETURN OF THE GOODS AND REFUND OF THE PURCHASE PRICE. BUYER SHALL ALSO BE ENTITLED TO DEDUCT OR OFFSET SUCH REFUND AMOUNT AGAINST ANY AMOUNTS OWED SELLER.

If directed by Buyer, Seller shall take upon itself the defense and/or settlement of all such claims, suits, actions or legal proceedings for which Seller is obligated to provide indemnification in accordance with this Section above, and the defense of any suit, suits or legal proceedings of any kind brought to enforce such claim or claims, and to pay all judgments entered in such suit, suits or legal proceedings, and all attorneys' fees and other expenses. Seller agrees that in any instance where such claims in any way affect Buyer's interest under the order or otherwise, Seller shall not consummate any settlement without Buyer's prior written consent. Seller's covenants of indemnity herein shall continue in full force and effect notwithstanding the termination or expiration of the order.

11. INSPECTION AND ACCEPTANCE.

This Section shall not apply to purchase of services only. Buyer may inspect all goods at any time, including during manufacture at the Seller's facility. Such inspection may at Buyer's option include confirmation of Seller's compliance with all requirements of the order. At no additional cost to Buyer, Seller will permit Buyer and/or its designees access to Seller's facilities at reasonable times and will provide all access and assistance reasonably necessary for such inspection and/or confirmation. All goods are subject to final inspection and acceptance at any time within ninety (90) days after delivery to Buyer. All services are subject to acceptance by Buyer within thirty (30) days after delivery to Buyer. Buyer, without prejudice to any other rights or remedies, shall have the right to reject defective goods and/or services and, at Seller's risk (notwithstanding the terms of delivery) and expense, return the same to Seller or dispose of the same according to Seller's instructions. Payment or transfer of title shall not constitute acceptance. Buyer may return or reject as applicable any non-conforming goods or services to Seller for reimbursement, credit, replacement or correction as Buyer may direct, or Buyer may correct and/or replace such goods or services at Seller's expense. If Seller fails to correct or replace non-conforming goods or services, per Buyer's direction, in a timely manner, Buyer may cancel the order as to all such goods or services, and in addition, may cancel the then remaining balance of the order. Any goods rejected by Buyer will be held by Buyer temporarily at Seller's risk and expense. Seller will reimburse Buyer for any packaging, handling and transportation costs Buyer incurs with respect to rejected goods. Buyer may revoke its acceptance of goods at any time, whether or not a substantial modification to the goods has been made, if Buyer finds a previously undiscovered defect in the goods which materially affects form, fit or function or substantially impairs the value of the goods to Buyer.

12. BUYER'S CHANGES

Buyer shall have the right at any time prior to the delivery date of the goods or services to direct changes to, or to cause Seller to make changes in, drawings, specifications, descriptions, packaging, time and place of delivery, inspection/testing, scope, nature and duration of services, and/or method of transportation..
